The purpose of the IG(Space) meeting is to review and finalize the remaining one or two space policy issues before they are considered by SIG(Space) - These issues are:

- Should the U.S. adopt a long-term goal of extending human presence from low-earth orbit into the universe?
- What are the proper roles, responsibilities, and limitations of the government in fostering an environment that will encourage growth of the private sector commercial space industry? (Tentative)

Issue papers for both these topics will be distributed through your agency's representative on the various space policy IG working groups. Please ensure that attendees for both meetings phone building access information to Sandy Wiley at 395-7393. (U)

The agendas for these meetings are attached. (U)

Grant S. Green Jr.
Executive Secretary
